Volunteer Appreciation

If you have been volunteering at all this year please come and enjoy some time with us on Monday, May 21st at 3:15. Thank you for all you do.

After School Programs

After school Math ended on Wednesday and Reading programs end today. Thank you for having your child participate.

Please Use The Crosswalk

Some parents and students are crossing in the middle of the street at dismissal time. This is very dangerous because of congestion at that time and it teaches children that disobeying safety rules is alright. Please be SAFE and use the crosswalk.

From the Counselor's Desk

As the school's counselor, I often help students problem solve. A frequent statement I hear is, "He/she is bullying me." Bullying is not something we take lightly at school because it can have such bad effects on children but, not every hurtful act is bullying.

4th/5th grade teacher, Lisa Martin-Baker, helps her class understand in this way: "When talking through hurt feelings with students, sometimes I will ask the child to help me define the behavior that hurt them. Was it rude, mean, or bullying? In all three instances, the behavior can be hurtful. Somehow understanding and defining it helps the child to figure out next steps. Should he or she just ignore it, or say something to the other person, or get help from someone like a parent or staff member?"

- Rude = Inadvertently saying or doing something that hurts someone else.
- Mean = Purposefully saying or doing something to hurt someone once (or maybe twice).
- Bullying = Intentional aggressive behavior, repeated over time, that involves an imbalance of power."

We at Englewood want a safe and welcoming environment for all students. Staff and myself spend time helping students learn how to assertively express themselves when conflict or bullying comes up. Retaliation is never a solution. Martin Luther King Jr. said, "Returning violence for violence multiplies violence, adding deeper darkness to a night already devoid of stars... Hate cannot drive out hate: only love can do that."
